## THE DAY FIXED.

THE DATE FOR OPENING THE  
CHEROKEE STRIP.

PROBABLY SEPTEMBER 16.

The Proclamation Ready and Will  
Be Announced on Next  
Tuesday.

WASHINGTON, D. C., Aug. 18.—Secretary Hoke Smith of the interior department yesterday telegraphed J. W. Duncan, special agent for the department at Calmore, I. T., as follows:

"All persons who have made selections for allotments in the Cherokee outlet will be allowed to file at the interior department proof and argument in support thereof until September 1."

Under the severally allotment agreement more than 100 citizens of the Cherokee nation have claimed allotments, while seventy only are entitled to land gratis. The claims of each contestant have been now forwarded to the interior department and will be passed upon by Secretary Smith. These difficulties, however, will not be allowed to interfere further with the opening. The proclamation was completed yesterday, but will not be given out until Tuesday next, because it must be forward to the president. Secretary Smith would not give the exact date of the opening. One of the New York papers published a story that the strip would be opened at noon September 12. This Secretary Smith positively denied.

"What date did you predict?" he asked of a correspondent.

"September 15," was the reply. "You are nearer to it than the other prophet," said Secretary Smith. "You can say that the strip cannot be opened before the 15th and it may be the 16th or 17th." From the interior department indications noon of September 16 will be the date for the opening. The proclamation opening the strip contains 15,000 words. It was necessary to make the proclamation cumbersome because the law prescribes that it shall contain the law and other official utterances governing the opening.

## LOOKS LIKE FINKS.

It Is Said He Has Finally Been  
Stated for Collector.

WASHINGTON, D. C., Aug. 18.—It was announced in a semi-authentic way last night that the appointment of Finks, of Chariton county, for United States revenue collector at Kansas City had been agreed upon. Finks is backed by both Vest and Cockrell, and Clint Tillery, of Liberty, by Dockery. Burnes has also urged Tillery's appointment. Tillery's friends did not give up the fight. Finks' appointment had been considered settled some time ago, but protests had been filed against him by some of his neighbors, stating that he was dictatorial and would be in office too haughty for even a government employee. This, so it is claimed, delayed matters somewhat, and the president's disinclination to consider appointments while wrestling with the Sherman act did the rest.

## Found a Buried Treasure.

OSCEOLA, Mo., Aug. 18.—Young Culbertson, while making an excavation on a farm ten miles north of here, unearthed a churn filled with octagon \$50 gold pieces, bearing dates of early years. The find occurred last week, but the affair has been kept a profound secret until yesterday, when his rich lead became known.

## CERTIFIED CHECKS AS CASH.

They Will Probably Be Used to Assist in Moving the Crops of the South.

NEW YORK, Aug. 18.—Banks are said to be anxious as to the needs of their southern correspondents for money to move the cotton crop. The southern banks must have currency for that purpose; the banks of this city cannot let them have much, if any, and currency cannot be obtained anywhere else. The demands for money have already begun to come in from the southern banks, and the problem that the New York banks are now individually considering is how to comply

with future demands. Thus far it is believed that all reasonable demands have been supplied.

A reporter made some inquiries on the subject yesterday and was informed, by one of the leading bank presidents of the city, that in all probability the south would to a great extent be relieved by the adoption in that section of a plan similar to that adopted by the business men, manufacturers and others in Buffalo and its vicinity. Certified checks for small amounts will be paid out by cotton factors, and as they will only be payable through the clearing house, they will pass current from hand to hand, and be as convenient as ordinary currency.

## THE BATTLE FOR SILVER.

Little Prospect for An Early Settlement of the Question.

WASHINGTON, Aug. 18.—The battle over the silver question goes merrily on both in the senate and house, but little is gained by either side.

The finance committee of the senate held a meeting today and discussed the president's message and his recommendations. All the members were present. The outlines of a bill were agreed upon by a majority of one. The bill agreed upon provides for the unconditional repeal of the purchasing clause of the Sherman act, with the declaration that it is still the policy of the government to maintain a bimetallic currency, or, in other words, practically annex the Chicago platform to the bill repealing the game end of the Sherman law. The vote on this bill was: Yeas—Messrs. Voorheese, McPherson, Morrill, Sherman, Allison and Aldrich. Nays—Messrs. Harris, Vance, Vest, Jones, of Arkansas, and Jones of Nevada. Senator Gorman is working hard for a compromise, while the administration finds its policy opposed by a large majority of its own party and its most numerous supporters in the republican ranks.

## Couldn't Resist Proof.

CHATTANOOGA, Tenn., Aug. 18.—The intense newspaper rivalry here resulted in the News sending a special representative to Cincinnati to investigate the Amick treatment for consumption. The Times had reported sensational cures through it which the News assumed to question. Today the News acknowledges Amick's discovery is all it is claimed, and admits the cures he is daily effecting are indisputable facts. It especially commends his sending test medicines free to physicians and physicians only.

## Sustained the State Liquor Law.

CHARLTON, S. C., Aug. 18.—Judge Isler has filed a decision in the Mount Pleasant dispensary case. The decision dissolves the temporary injunction which had been granted and dismisses the petition on the grounds that the petitioners did not show that they would be injured by the operation of the dispensary law, and that they therefore had not any reasons for asking a court for preventive relief.

## To Extend the Use of Gold.

WASHINGTON, D. C., Aug. 18.—Senator McMilligan of Michigan introduced in the senate yesterday a bill to provide for a more extended use of gold by the people of the United States. It amends the statutes by reducing from the \$20 to \$5 the minimum issue of gold certificates for gold and bullion deposits.

## ACTION OF THE INDIA COUNCIL.

London Newspapers Hold That It  
Nullifies the Action of June 26.

LONDON, Aug. 18.—A special dispatch to the Times from Calcutta says it is the general opinion there that the government has chosen the wrong moment to lower the rate of India council drafts. It is believed that the government should have held out two or three weeks longer, until the export trade developed. In the meantime it should have issued treasury bills to meet the shortness in funds. The action of the government in lowering the price to 15 3/4 d caused great weakness in exchange in London today. At the stock exchange rupee paper is depressed and the price has fallen 1d.

The Daily News says: "It is too soon to say the Indian council has thrown up the sponge. It is, of course, unfortunate for the plan of operations that the rate could not be fixed and adhered to, but the circumstances were strongly in opposition to such a programme. Attention may be drawn to the fact that the demand for remittances to India will increase. It may be weeks, perhaps months, before the closing of the mints has the obvious effect of maintaining a monopoly value of the coined rupee at the moment its tendency appears to be downward."

The Financial News says: "What result will follow it is impossible to foretell. It nullifies the action of June 26 and must sooner or later lead to the question whether after all it is not better for the Indian government to admit its blunder and open the mints."

## Knocked From a Freight Train.

William Mahoney, of Kansas City, aged 16, was killed Wednesday night at Lexington Junction. He was riding on the top of a Missouri Pacific freight train, and was knocked off as the train passed under a bridge. The boy was a son of Dennis Mahoney, car inspector of the Kansas City, Fort Scott and Memphis road. The remains were taken to Kansas City last night.

The minority report, signed by four democrats and one republican, declared in favor of the free coinage of a silver dollar of four hundred and sixty-four and four-tenths grains and of fractional coin proportionally.

### VEST FOR PRESIDENT.

Since his eloquent and unanswerable plea for bimetalism, Senator George G. Vest is looked upon by many as the natural and logical candidate of the west and south for the democratic presidential nomination in 1896.

The agricultural sections of the country have too long permitted New England to write their tariff laws and New York to dictate their financial policy.

Full grown and of lawful age, they begin now to feel the necessity for standing up for their own interests while they are enriching other sections.

The great speech of Senator Vest emphasizes the fact that western and southern interests have a champion fully equipped to meet all comers in the political arena, and to defend the cause of bimetalism as well as that of just taxation.

The people of Missouri have long known George G. Vest as the country at large begins to know him, and they have delighted to pay him again and again the highest compliment they were able to bestow.

Now that a national leader is needed, they will to a man recommend their own tried, true and valiant representative as the man for the emergency.

Whether silver coinage wins or loses in the contest now going on in the extra session, it is certain to be an issue in the next presidential campaign.

It is when the opposing forces meet in the great battle of 1896 that the flag of bimetalism and independence of British dictation will be planted in victory upon the White House, or go down in the gloom of defeat.

With such great and solemn interests at stake, no man in the union is better fitted to lead the people in their fight against the favored classes, than is George Graham Vest of Missouri.

He is brave enough to have the courage of his convictions upon any and all occasions; honest enough to sacrifice personal interests and political life itself rather than desert a principle; statesman enough to see the dangers that threaten the prosperity of the people and point out the way to avoid them, and eloquent enough to sound the key note of the campaign and rally the people for a battle in their own behalf.

United upon Vest as the presidential candidate the west and south can win a glorious victory in 1896, a victory that will not turn to ashes in their grasp.

The first serious riot of unemployed laborers occurred in New York yesterday, where several thousand men, mostly Russians and Poles, forcibly took possession of a hall, smashing the windows and breaking in the doors in order to gain admittance. The police arrested the leaders and a conflict took place in which the officers used their clubs freely and finally dispersed the crowd. The demand of the rioters was for work. They said their families were suffering for something to eat and they could find no employment whereby they could earn money to buy bread.

Of course the men were wrong to use violence or to even seek to take possession of a hall for which they were unable to pay, but great allowance should be made for the actions of men who left wives and children crying for bread at home. There are sad and serious times in store for the large cities, especially where

there are great bodies of men and women out of employment.

THE Pan-American Medical congress, which meets in Washington in September, will be one of the most interesting assemblies ever held in this country, as it will call together the ablest and most learned members of the profession. Sedalia has been honored by the appointment of one of her esteemed citizens, Dr. J. W. Trader, as a delegate. It is a compliment to the medical profession of the city to be represented by one of their number in this great gathering of learned men, and the physicians of Sedalia should see to it that Dr. Trader attends and that his trip is not made entirely at his own expense, involving as it would a considerable sacrifice in times like these. The DEMOCRAT makes this suggestion wholly on its own responsibility and without any authority from Dr. Trader.

THE American people are not going to let this country suffer from a money famine. The manipulators of finance had better understand the nature of the average American citizen right now. He is good natured, patient and long suffering and patriotic; but turn the screws a little too tight, let him see that he is being imposed upon, that his good nature is being taken advantage of and his patriotism made the basis of speculation, and he will rise up a giant in his righteous indignation, and, thrusting into obscurity the men who have deceived him, he will find the straightest way out of the difficulty.

AN exchange calls attention to the fact that there is great scarcity of labor in the harvest fields of the northwest, while New York city is filled with unemployed laborers, and thinks the spectacle a strange one. So it is, but the New York laborer can hardly be expected to walk out to Dakota for the prospect of getting a month's work in the harvest fields. Walking is good at this time of the year, but not quite good enough for little pleasure excursions of that kind.

THE charitable ladies are going to place fifty sacks in different parts of the city and they confidently expect them to be filled with such donations as will be useful at the hospital. Old clothes will help to make the sick more comfortable, old dishes and cooking utensils will help equip the establishment. Any donation that cannot be placed in the sack will be called for by notifying the mayor or sanitary officer.

THE senate finance committee is composed of six democrats and five republicans. On a test vote four republicans and two democrats endorsed Cleveland's financial policy, while four democrats and one republican opposed the president's recommendation. Voorhees and McPherson were the democrats who voted with the republicans and the president.

THE Kansas City Star wants the cities to become employers of idle labor in dull times. But will the Star please tell how the money is to be obtained to pay for this labor? There are laws and constitutional restrictions that cannot be ignored, no matter how anxious a city administration may be to give employment to idle labor.

THE city hospital is a charity that strongly appeals to every citizen. In the midst of plenty, surrounded by the comforts of home, we should remember the unfortunate, who, sick and friendless, finds himself penniless as well. The donations of old clothing, bedding and furniture should be sufficient to equip the hospital.

GOVERNOR STONE has been requested to call a convention of the western and southern states, whose interests are identical, to consider what measures are needed for relief from the prevailing business stagnation.

THE rigid enforcement of the weed ordinance would be a good thing for a long suffering public, and at the same time would furnish several days' work for some of the unemployed.

BANKS that suspended a few weeks ago are resuming all over the country and there is a pretty general belief that it was all a mistake

about this country being on the verge of ruin.

CHAIRMAN CARTER, of the republican national committee, in an interview declares in favor of bimetalism.

It is a great pity that there is not an Andrew Jackson in the White House for about thirty days.

### AMUSEMENTS.

#### The Ranch King Tonight.

The largest audience of the week greeted the Lyceum Theatre Company at Wood's opera house last night to see Dad's Girl. The play was well received. Tonight the fascinating western drama, "The Ranch King," will be produced, Mr. Mac. M. Barnes, Miss Louise Reming and Mr. Lester M. Goldman having played in the original cast of Wallachs "Ranch King," they will no doubt interpret it to old time satisfaction. Tomorrow afternoon matinee, Little Edna will have her inning in the beautiful domestic play, Little Lord Fauntleroy. The doors open promptly at 1:30 p. m., there being no reserved seats, if you want a seat come early.

### THE CITY HOSPITAL.

#### How It Can Be Furnished With But Little Outlay of Cash.

The charitable ladies of the city, who are always foremost in every good work, are taking a deep interest in the proposed city hospital, and are doing all in their power for the relief of the sick, destitute and friendless.

Mrs. Frensdorf, Mrs. Luren Walker, Mrs. Miller and other well known ladies are at work and they will have an organization of the charity workers of the city.

This movement is separate and distinct from the permanent charity hospital and the work is intended for the present emergency only.

The ladies appeal to the housekeepers of the city for donations; old clothing, odd pieces of furniture, odd cooking utensils, dishes, beds and bedding, sheets, pillow cases, and anything the charitably disposed have to give will be thankfully received.

"Impress it upon the public," said a well known lady to a DEMOCRAT representative, "that we are asking for anything that people have to spare. It does not matter if the things sent are old and worn. We can mend them. I am willing to work mending old clothing, &c., for these unfortunates."

Mrs. Frensdorf stated that the ladies of Zaynesville, Ohio, her old home, had furnished a charity hospital by donations as referred to above. "Some sent dishes, others chairs, cots, sheets, blankets, old clothes, old shoes and they were all thankfully received by the destitute."

Mrs. Luren Walker, the accomplished elocutionist, who gave such a successful entertainment for the benefit of the poor last year, will give another in the near future for the same noble cause. Mrs. Walker will go to St. Louis in a few days and promises to secure something entirely new in the way of entertainment and with the help of home talent will present it to the public some time next month, the proceeds to go to the relief of the poor.

### Notice to Contractors.

By order of the county court I will on, Monday, September 4, 1893, let contracts for building the following bridges:

1 wooden bridge in sec. 30, twp. 45, range 23.  
1 wooden bridge in sec. 18, twp. 47, range 21.  
1 wooden bridge in sec. 13, twp. 47, range 22.

For grading and building stone culvert in sec. 30, twp. 46, range 20.

The said contracts to be let to the lowest and best bidder at public outcry, at the court house, between the hours of 1 and 3 o'clock p. m. The said work to be done according to plans and specifications to be seen at my office.

The county court reserving the right to reject any and all bids.

T. O. STANLEY,  
Road and Bridge Commissioner.

### Going to Organize Here.

F. W. Sears, of Kansas City, supreme president of the National Reserve association, is here today, working in connection with Mr. Smith, the local representative, with a view to instituting a lodge in Sedalia. Several names have already been obtained as charter members and the organization will take place in the near future.

### Miss Shelton's School.

Miss Emma Shelton has been employed as a principal in the Eldon public school. Miss Shelton is a Miller county lady and carried off the Sedalia Bazaar's prize, a free excursion to the World's fair, as being the most popular lady teacher in the state of Missouri.—Olean News.

## A DELIGHTFUL EVENING.

### PASSED AT THE SACRED HEART PARSONAGE LAST NIGHT.

The Thirty-First Anniversary of the Ordination of Rev. Father B. Dickman.

Rev. Father Dickman, pastor of Sacred Heart Catholic church, in years to come will certainly have cause to remember with pride the celebration of the thirty-first anniversary of his ordination, which took place at the parsonage last night, an immense throng of people being present to assist in the festivities of the evening.

A festival and lawn social was the attraction, and the DEMOCRAT does not believe a more enjoyable one was ever held in Sedalia. While it was given under the auspices of Sacred Heart church, quite a goodly number of protestants, friends of Father Dickman, were also present, and contributed to the various funds by patronizing this, that and the other attraction in behalf of the church, which is the beloved priest's pride and joy.

The scene on the parsonage lawn was beautiful. The front fence had been removed, giving ample space for a continuous score or more of tables, stands, etc., where all of the delicacies of the season were disposed of amid the glare of Chinese lanterns, lamps, chandeliers, etc.

Within the school room, immediately east of the parsonage, luscious bivalves just off of the ice were served, and a liberal patronage was extended during the entire evening, the cashier, Mrs. P. F. Tarwater, having a satchel well filled with half dollars when the evening's festivities were concluded.

All of the drawing cards usually found at a church social and festival were surely at this one—the ice cream stand, the lemonade stand, fruits, confections, nuts, bouquets, etc., etc., the whole giving everybody an opportunity to drop a nickel—or more—in the slot in behalf of a worthy cause.

A special feature was the raffling of a large, easy rocking chair of beautiful design and also an elegantly framed picture of Rev. Father Dickman. The chair was won by Miss Katie, daughter of Mr. and Mrs. E. G. Cassidy, while the picture was awarded to Mrs. Frank Rogers, wife of the well-known engineer.

During the entire evening there was delightful music, and when the festivities were concluded at the midnight hour it was learned that \$391 had been cleared by reason of the entertainment.

The occasion was a happy one for priest, parishioners and outside guests, and the DEMOCRAT congratulates Father Dickman and the good ladies who made it so grand a success.

### Sam Made An Extra Dollar.

Sam A. Rosse, deputy county recorder, made an extra dollar last evening. He had gone home, after a hard day's work, when he was called upon at his residence by Mr. Levi Helphray and Miss Ina May Smith, who desired a marriage license.

Hastily seizing his hat, Sam repaired to the court house, and an instant later the young couple, who proved to be from Johnson county, were in possession of the coveted document, for which Mr. Rosse was given an extra dollar.

Judge Hoy was then found and performed the marriage ceremony, after which Mr. and Mrs. Helphray went south on the M., K. & T. for a bridal trip.

### Removal.

To my patrons and the public of Sedalia: I take this opportunity of thanking you for the very liberal patronage extended to me in my former place of business just vacated for want of room to accommodate the increasing demands. I therefore solicit a continuation of your favors in my now spacious, thoroughly ventilated, healthy and modern built new quarters, situated on Fourth street, one block west of the court house.

Special care taken of boarders entrusted in my hands, both in regard to their feed and health.

Respectfully,  
JOHN A. COLLINS.

### He Made Good Time.

Percy Harker, of Sedalia, visited Versailles on his bicycle on last Tuesday, and spent a few hours with his brother, Depot Agent Harker, and family. He took breakfast in Sedalia and dinner in Versailles, making the distance, about 44 miles, in about five hours.—Versailles Leader.

### Out For a Ride.

A number of young ladies and gentlemen indulged in a horseback ride over the paved streets of the city last evening and had a fairly enjoyable time. As anticipated,

Frank Dunn, of the Gazette, was easily the most accomplished equestrian in the party, and sat his charger like a commander in the Salvation army. Had it not been for his failure to deodorize himself after having mistaken a skunk for a squirrel, a night or two ago, the trip would have been one of pleasure for all concerned.

### World's Fair Rates.

Via the Missouri Pacific Ry. Pullman Palace Sleeping car for St. Louis, open at 8:30 p. m. daily. Berths reserved at any time. Chicago and return \$18.90. St. Louis and return \$9.05. Tickets good for return until November 15th, 1893. Any information desired given by

H. L. BERRY,  
Ticket Agent.

### The Excursion Off.

The colored excursion that was to have gone to Kansas City today, over the M., K. & T., via Clinton, was declared off at the last minute, owing to the failure of the management to give the railroad the required guarantee of \$120. The trip was to have been under the auspices of the A. M. E. church, but Rev. Douglass, the pastor, departed alone.

### Fred Huermann's Case.

There was no police court this morning, the case against Fred Huermann, charged with reckless driving, having been continued until afternoon, owing to the absence of a material witness.

### Ice Cream Social.

## THE RAILWAY UNION.

## FIRST BRANCH ORGANIZED IN MISSOURI.

## The Work to Be Extended—Further Reductions in Salaries—Railway Notes.

A large gathering of railway employees assembled in mass meeting at Central Turner hall in St. Louis last night, under the auspices of the American Railway union. At the conclusion nearly 100 of those present signed an application for a charter for a lodge of the new organization.

The meeting was conducted by Eugene V. Debs, of Terre Haute, president, and George W. Howard, of Chicago, vice president, of the Grand lodge, which was formed on June 20 last.

This is the organization which has been in process of formation for a year or more past, and is designed to unite under one head all railway employees, instead of maintaining separate organizations of each branch of labor as heretofore. Messrs. Debs and Howard are now on their first organizing tour, having begun last week at Cleveland, O., forming organizations at that place, Fort Wayne, Chicago, Evansville and Fort Madison, Io.

Tonight they will go to East St. Louis, and on Saturday night they expect to be at St. Joseph. They will afterward address the workmen at Kansas City, Atchison, Omaha, and at other points on the Union Pacific system.

## Relating to the Rail.

Master Carbuilder Irvin went south on the "Katy" last night.

Johnny Corum, the operator, is down from Sweet Springs today.

The Santa Fe is closing up the majority of its small telegraph offices.

The "Katy" is about to the end of its rope as far as reductions are concerned.

A. H. Wade, fireman on the "Katy," left last night for a visit to the World's fair.

Eighteen clerks have been let out of the M., K. & T. auditor's office, all on account of the business depression.

R. M. Peck, superintendent of bridges and buildings for the Missouri Pacific, is here today on company business.

Agent Berry has been notified that trains Nos. 1 and 2 have been taken off of the Union Pacific between Kansas City and Denver, leaving only one train a day—morning.

Depotmaster Mont Carnes was able to be out today and expects to leave tomorrow morning with his wife for Kansas City, after which they will go to Lebanon Springs for a two weeks' visit.

The receivers of the Northern Pacific today ordered the following economies: Salaries from \$1200 to \$5000 to be reduced 10 per cent; salaries from \$5000 to \$10,000 to be reduced 15 per cent, and salaries above \$10,000 to be reduced 25 per cent.

Division Storekeeper Blake returned this morning from Parsons, and as a result of a conference there, will reduce his working force at this point. The store departments have been reduced more or less. At Parsons there is one laborer and a clerk.—Denison Herald.

Robert Whitlock, who has been holding down a responsible position in the M., K. & T. auditor's office at St. Louis, returned home this morning on a short vacation. "There were thirty men in our office," said he, "half of whom are laid off for a while. The company is reducing its working force in all departments."—Nevada Post.

## Struck by a Runaway Horse.

A runaway saddle horse collided with George W. Hundley, a laborer from Denver, at Ohio street and the railroad, this morning, and he was injured to such an extent that he had to be carried to the police station. His left leg is badly sprained; there is an ugly cut over his left eye, and in addition he sustained numerous scratches and bruises. Dr. Sid Conkwright attended him.

## HE MAY DIE.

Serious Condition of a Man Struck With a Weight.

Parties who came in from Warsaw, last evening, reported that a shoemaker named Jackson was at death's door at Fairfield, Benton county, from injuries sustained by having been struck with a scales weight, by Dr. Horace Savage, a couple of days ago.

The men had a difficulty over some trivial matter, it is said, and Jackson was advancing on Savage, when the latter, in self-defense, so it is claimed, picked up the weight and hurled it, striking Jackson on the head.

## He Drifted Home.

George Ethridge, the tonsorial artist, will not visit Forest park again this season. He went out last evening in order that the gentle zephyrs might toy with his base ball moustache, and the break in the line made it necessary for him to walk home. He left the park about midnight and reached the city in time for breakfast.

Frank B. Moore, a Sedalia boy, who is now doing local work on the St. Joseph News, has been elected one of the directors in the Sherman club, a prominent Irish-American social organization of that city.

## FISHER IS HERE.

He Wants Another Match With Baptiste, the Wrestler.

W. F. Fisher, the Kansas City catch-as-catch-can wrestler, arrived in the city last night, and is tarrying here today in the hope of arranging another match with Lou Baptiste, who won the mixed match of a week ago tonight at Forest Park theater.

Fisher is in excellent condition, and a number of railroad friends stand prepared to back him in case he can get on the match. Baptiste is not averse to wrestling again, he says, but just at present he is busily engaged in fixing up rooms in the Dalby building, on Fifth street, for the instruction of his class of more than twenty pupils in physical culture.

Up to 2 o'clock this afternoon no satisfactory understanding had been reached, and it is doubtful if a match is arranged for the near future.

## A Compliment for the Marshal.

Marshal Delong, of Sedalia, has a serious grievance. His salary is \$75 a month, and out of this he finds it necessary to pay \$25 for telegrams and then he says he loses \$10 per month in boarding prisoners. Sedalia ought to do better by such a valuable officer as Col. Delong. He is one of the best police officers in the state.—Jefferson City Tribune.

## NUISANCES, INDEED.

People Who Are Tramping to the World's Fair.

"Of all the cranks abroad at present the World's fair tramps are the greatest nuisance," said a gentleman.

"In every paper you pick up there is an item about so-and-so, or Mrs. so-and-so, walking to the fair on a wager, with the stipulation that they are to obtain a living en route by charity.

"Of course the wager part of the story is all a fake, and the shrewd adventurer gets in his work for three square meals every day and collects enough money from the soft-headed chumps he meets to pay his railroad fare.

"Then the next good town he wants to work he drops off the train, walks into it with a great blare of trumpets and an old pair of shoes and performs his little talking act over again with the same results."

"If one of these fellows drops into Sedalia the police ought to send him to the workhouse for six months."

**A \$2.50 Excursion.**  
The Missouri Pacific will run an excursion from Sedalia to St. Louis on Sunday, August 27, the fare for the round trip being only \$2.50. There will be ten coaches, and the excursionists will have eleven hours in St. Louis. The train will leave here at 6:45 a. m. and reach St. Louis at 12 m. Returning, it will leave St. Louis at 11 p. m. and arrive here at 5 m.

## STANDS UP FOR "MAC"

McFadden Is Not a "Fake" Wrestler  
By Any Means.

To the Sporting Editor of the DEMOCRAT:

Noticing an article published in the Kansas City Star, that B. A. McFadden is in Chicago, looking for a wrestling match, and that A. "Fakir" Kasten is also in the same city and has expressed his willingness to meet any 140 pound man, in behalf of my friend, Barney A. McFadden, I wish to state "Fakir" Kasten and McFadden have never met on the mat in a wrestling match, and I can verify this statement by having the "fakir" come to St. Louis. I am positive he would not remain there two hours if the professor or George Baptiste ever laid hands on him.

I also wish to say that Prof. McFadden is too good a man in his line of business to wrestle "fake" matches, and whoever says that such is the case, cannot distinguish the difference between black and white.

The only way Mr. McFadden will wrestle Mr. Kasten (who is no doubt one of the most noted "fakirs" in the country) would be in private, and then McFadden would not want it made known that he ever had anything to do with him.

Some one in Kansas City had better be on the look-out, for I will "expose" him to a finish if necessary. LOU BAPTISTE.

## THAT DENVER LYCHING

The Victim of the Mob Was Leader of Italian Counterfeiter.

DENVER, Colo., Aug. 18.—Dan Arata, the saloonist who brutally murdered Grand Army Veteran Lightfoot a few weeks ago and was lynched in a highly sensational manner in this city, was chief of a gang of expert Italian counterfeiters. United States Secret Agent Alloy, assisted by a couple of detectives, last night unearthed a box containing \$25,000 in counterfeit \$5 bills in the rear of Arata's saloon. The whereabouts of the remainder of the gang is known and several arrests will be made. The gang flooded New York, St. Louis and other eastern cities with counterfeit \$5 bills about a year ago.

Colonel Brennan, on trial charged with being the leader of the mob which lynched Arata, was acquitted yesterday.

## Governor Stone Asked to Act.

TOPEKA, Kas., Aug. 18.—A petition, signed by the state officers and statehouse employees, was forwarded to Governor Stone of Missouri, asking him to call a convention of the governors and delegates from each state west of the Mississippi river and south of the Ohio. The object of the convention is to take action for the mutual relief of the people; for the cultivation of commercial relations between them, and such other action as may conduce to the material welfare and prosperity of the commonwealths involved, looking, especially to the arrangement of such trade relations as may render the section free from dependence upon the eastern sections of the union in business affairs.
